1-Go to Setting- > Security- > Unknown Sources- > Uncheck the box. 2-Now go to Settings- > Apps- > All Apps- > Select cspartisan and remove the app. 3-Go to cspartisan. If you already have the cspartisan game installed, it will install the cspartisan: bootstrap and reinstall cspartisan: pay to play. If you don't have the cspartisan game installed, I recommend that you install cspartisan: bootstrap and then install cspartisan: pay to play. cspartisan: pay to play is an alternative to cspartisan: bootstrap and will bypass the need to download cspartisan: rebootstrap or root cspartisan: mobile. Note: Please uninstall cspartisan: pay to play first. Install cspartisan: bootstrap and cspartisan: pay to play cspartisan: bootstrap is included in cspartisan: pay to play. Tip: If you already have the cspartisan game installed, and want to reinstall cspartisan: bootstrap and cspartisan: pay to play, then you can open cspartisan: bootstrap, and press "reinstall bootstrap" and select "yes, I want to reinstall both bootstrap and pay to play" I will share the cspartisan: bootstrap aiid cspartisan: pay to play so that you can use it easily. Select Application in the top menu, select cspartisan: bootstrap. Read the instructions and the video carefully. Before you start, uninstall cspartisan: rebootstrap. Download the cspartisan: bootstrap android apk file from here. 82157476af
